ANNUAL REPORT

OF THE

SCHOOL BOARD

OF THE

Swanzey School District

FOR THE

FISCAL YEAR

JULY 1, 1959-JUNE 30, 1960

In Memoriam

With profound sorrow, the Swanzey School Board records the death, on January 30, 1961, of Chester C. Lees who has been our Superintendent of Schools since August, 1947.

His passing will leave a void which will be most difficult to fill. We have had the privilege and honor of working with Mr. Lees for the betterment of the school system. His dedication to the cause of promoting better education for our young people and the improvements of our school facilities was unsurpassed. He gave unselfishly of himself without any regard for his own physical well being.

His wonderful guidance will be sorely missed. We have lost a remarkable friend. Swanzey has lost a dedicated public servant. The kind thoughts of all of us go out to his family in their great loss.

SCHOOL WARRANT

To the inhabitants of the School District in the town of Swanzey qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the eleventh day of March, 1961 at 8 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the ensuing year.

2. To choose a Clerk for the ensuing year.

3. To choose a member of the School Board for the ensuing year.

4. To choose a member of the School Board for the ensuing three years.

5. To choose a Treasurer for the ensuing year.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors, Committees in relation to any subject embraced in this warrant.

8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will authorize the Moderator to appoint a committee of five, representing the five sections of

Swanzey (North Swanzey, Swanzey Center, East Swanzey, West Swanzey and Westport), to assist the Cooperative School Board members in disseminating information pertaining to the Cooperative School District.

10. To see if the district will vote to authorize the school board to make a contract with the Union School District of Keene for high school instruction for 1961-1962 at a rate of five hundred fifteen dollars ($515.00) per pupil.

11. To see if the district will vote to authorize the school board to make application for and to accept, on behalf of the district, any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire.

Given under our hands at said Swanzey, this fifteenth day of February, 1961.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Swanzey:

I have the honor to submit my fourteenth annual report.

STAFF CHANGES: Mt. Caesar School — There were two changes in our teaching personnel as schools opened last September. Mrs. Constance C. Tremblay resigned her position as fourth grade teacher. This position was filled by the election of Mrs. Yolanda R. Jarvis, a graduate of the University of Massachusetts. Mrs. Jarvis taught last year at Shenendehowa Central School, Elnora, New York. Upon the resignation of Mrs. Florence C. Thompson as teacher in the third grade, Mrs. Maryann M. Johnston, a graduate of Keene Teachers College, was elected to this position.

Cutler School — Mr. Thomas H. Schultz resigned his position as teacher in grades seven and eight. This vacancy was filled by the election of Mr. Edward J. Main, a graduate of Keene Teachers College. Early in December, Mrs. Margaret S. Freeman found it necessary to terminate her long teaching career in the Swanzey school system. Mrs. Ruth A. Anderson was elected to the sixth grade position vacated by Mrs. Freeman. Mrs. Anderson is a graduate of the Rhode Island College of Education. She has had five years of successful teaching experience in the public schools of Providence, Rhode Island.

It is extremely difficult to express one's feeling on the resignation of Mrs. Thompson and Mrs. Freeman. Both of these teachers gave many years of devoted service to the boys and girls of Swanzey. I recall vividly observing the teaching of Mrs. Thompson when she taught at the Wilcox School and that of Mrs. Freeman when she taught at the Westport School. Those years were rich in experiences the

memory of which the passage of time does not dim. I well remember, for instance, the day when Mrs. Freeman sent an S O S to the superintendent that a swarm of hornets had invaded the Westport School and had evicted her and her pupils. Thereupon the superintendent, armed with insecticide bombs, went to the rescue and brought the situation under control. This is but one of the countless incidents in the lives of these two devoted teachers. I am sure that their many friends, former pupils, their colleagues, the administration and school board members, both present and past, join me in wishing for each of these two teachers many happy years of well earned retirement.

It is apparent from the above tables that our two schools are filled to over-capacity. It is only by having teachers in each school teach pupils in more than one grade that it is possible to handle the present enrollment in twenty classrooms. The school planning committee and the school board are aware of this condition. The reason that they have marked time is to determine what Swanzey should do about its school housing problems.

The Engelhardt survey on school building needs and district organization is now familiar to the Swanzey citizens. The survey provided information from which the school planning committee and the school board could reach conclusions as to how Swanzey should proceed to fulfill its educational needs. The Engelhardt recommendation that Swanzey join with other area school districts to form a cooperative school district was followed.

Nine school districts voted on the question of petitioning the State Board of Education to lay out a cooperative school district in this southwestern section of the state. They were Chesterfield, Fitzwilliam, Harrisville, Marlboro, Richmond, Roxbury. Swanzey, Troy and Winchester.

Five school districts voted in the affirmative on this question. They are Fitzwilliam, Richmond, Roxbury, Swanzey and Troy. Interim committee members are Miss Marcia Webber of Fitzwilliam, Mr. Chester Seamans of Richmond, Mrs. Madeline

Robinson of Roxbury. Mr. Robert Davis of Swanzey and Mr. John Callahan of Troy.

The State Board of Education has met with the interim committee and has approved and laid out a cooperative school district comprised of the above five school districts. An organization meeting called by the State Board of Education will be held in Troy High School on February 11. Voters from all five school districts will assemble on this day to vote on the formation of the cooperative school district.

A great deal of work has gone into this undertaking thus far. There have been many meetings of the school board members, school planning committee members and interim committee members. Dr. Engelhardt was present at open meetings in the school districts to explain the findings of his survey. Planning had to be done for the special school district meetings held to vote on the petitioning of the State Board of Education to lay out a cooperative school district. Warants had to be checked, posted legally and advertised suitably in the newspaper. Proper ballots had to be prepared and printed.

Similar work is being done in connection with the coming organization meeting to be held in Troy. The school board members, school planning committee members and interim committee members are to be commended for the many hours of devoted work they have put into this project thus far. It must be realized, also, that this is but the beginning and a tremendous amount of work still lies ahead.

When the cooperative high school begins operation, the seventh and eighth grades will be housed in the new school. This means that our two elementary schools will accommodate the first six grades instead of the present eight grades and the current overcrowding will be eliminated. Seventh and eighth graders will receive the benefit of a complete junior high school education. Furthermore, all high school students entitled to transportation will receive it.

The formation of a cooperative school district appears to be the best solution of Swanzey's educational problems. The

Keene school authorities have served notice that they cannot guarantee to accept tuition pupils in the future. If Swanzey remained a single school district and built its own high school, it would be considerably smaller than the cooperative high school and would not be able to offer the breadth and depth of a diversified curriculum needed for today's youth. Furthermore, a single district receives only 30% state reimbursement on its building costs while the cooperative school district will receive 55% state reimbursement.

This is a giant step for Swanzey to take. The citizens of Swanzey want the best education for their children. Our two elementary schools are among the finest in the state. The school board and school planning committee want no less for their secondary school and they will strive to see that this is accomplished.

In conclusion, I wish to express my appreciation to the teachers, pupils and parents, the School Planning Committee, the School Board, and the patrons of our schools for their cooperation.

Respectfully submitted,
CHESTER C. LEES,
Superintendent of Schools

AIRPORT ZONING
SWANZEY, NEW HAMPSHIRE

Section 51—700 **Purpose**

An amendment of the zoning ordinance regulating and restricting the height of structures and objects of natural growth, and otherwise regulating the use of the property in the vicinity of the Dillant-Hopkins Airport by creating airport approach zones and other restricted areas and establishing the boundaries thereof.

Section 51—701 **Definitions**

1. "**Airport**" means any area of land or water, whether constructed or not, which has been approved by the Director of Aeronautics as a site for the landing and taking off of aircraft or utilized or to be utilized by the public as a point of arrival or departure by air.

2. "**Approach Zone**" means the approach area to a runway and landing strip having dimensions as hereinafter described in Sections 51-702 and 51-703 and the center line of which coincides with the center line of the runway and landing strip extended. (The dimensions of the landing strips at Dillant-Hopkins Airport are:

(a) Runway 2—20, instrument runway 5800' by 150': landing strip 5800' by 500'.

(b) Runway 14—32, 4000' by 150': landing strip 4000' by 500'.

3. "**Airport Hazard**" means any structure, tree, smoke, steam, dust or other substance which obstructs the aerial approaches of a publicly owned airport or impairs the reasonable visibility in the vicinity thereof, electrical impulses and disturbances which interfere with radio aids or communications and lights which might result in glare in the vision of pilots or aircraft or be confused with airport lights.

4. "**Nonconforming Use**" means any structure, tree or use of land which does not conform to a regulation prescribed in this ordinance or an amendment thereto, as of the effective date of such regulations.

5. "**Person**" means any individual, firm, co-partnership, corporation, company, association, joint stock association or body politic, and includes any trustee, receiver, assignee, or other similar representative thereof.

6. "**Structure**" means any object constructed or installed by man, including such objects although regulated or licensed by other provisions of law.

7. "**Tree**" means any object of natural growth.

8. The Airport reference Point is at the intersection of the centerlines of the two runways and its elevation is 482' above sea level.

Section 51—702 **Zones**

In order to carry out the purposes of this ordinance, all of the land within the boundaries of the approach areas as described in Section 51—703 and all of the land within a distance of 8500 feet of the airport reference point shown on the Dillant-Hopkins Airport Approach Plan dated December 30, 1960, which is attached hereto and made a part hereof, is hereby declared subject to the restrictions of this ordinance.

Section 51—703

1. **Height Limits**

No structure or tree shall be erected, altered, or allowed to grow within the areas described in Section 51—702 hereof, to wit:

(a) In the approach areas to Runway 2—20 which are 1000' wide at a point 200' from the end of the pavement and 4000' wide at 10,200' from the end of the pavement, an inclined plane of 50:1 slope and for an additional 40,000', at which point it is 16,000' wide. an inclined plane of 40:1 slope.

(b) In the approach areas to Runway 14—32, which are 500' wide at a point 200' from the end of the pavement and 2500' wide at a point 10,200' from the end of the pavement, an inclined plane of 40:1 slope.

(c) 632' above sea level within 8500' of the Airport Reference Point. (150' above the airport.)

(d) On the sides of the landing strips and approach areas, an inclined plane of 7:1 slope.

(e) Between 8500' and 13,500' from the airport a line with a slope of 20:1 measured in a vertical plane passing through the center of the airport.

2. **Height Permitted**

No provision of Section 51—703 (1) shall limit the height

of a structure or tree to less than 30' above the ground upon which it is located.

Section 51—704 **Use Restrictions**

Notwithstanding any other provisions of the zoning ordinances, no use may be made of the land described in Section 51—702 hereof in such manner as to create electrical interference with radio aids or communications between the airport and aircraft, make it difficult for flyers to distinguish between airport lights and others, result in glare in the eyes of flyers using the airport, impair visibility in the vicinity of the airport by the creation and discharge of smoke, steam, dust or other obstructions to visibility or otherwise endanger the landing, taking off or maneuvering of aircraft.

Section 51—705 **Nonconforming Uses**

The regulations prescribed in Section 51—703, 51—704 of this ordinance shall not be construed to require the removal, lowering or other change or alteration of any structure or tree not conforming to the regulations as of the effective date hereof, or otherwise interfere with the continuance of any nonconforming use. Nothing herein contained shall require any change in the construction, alteration, or intended use of any structure the construction or alteration of which was begun prior to the effective date of this ordinance, and is diligently prosecuted and completed two years thereof.

Section 51—706 **Variances**

A person desiring to erect any structure or increase the height of any structure, or permit the growth of any tree, or use his property, not in accordance with the regulations prescribed in this ordinance, may apply to the Zoning Board of Adjustment for a variance herefrom. Such variance shall be allowed where a literal application or enforcement of the regulations would result in practical difficulty or unnecessary hardship and the relief granted would not be contrary to the public interest but do substantial justice and be in accordance with the spirit of this ordinance.

Section 51—707 **Permits**

1. **Future Uses.** No material change in violation of Section

51—703, 51—704 hereof shall be made in the use of land, and no structure or tree shall be erected, altered, planted or otherwise established in violation of Section 51—703, 51—704 hereof in any of the areas of land described in Section 51—702 hereof unless a permit therefor shall have been applied for and granted by the Airport Manager. Each such application shall indicate the purpose for which the permit is desired with sufficient particularity to permit it to be determined whether the resulting use, structure. or tree would conform to the regulations herein prescribed. If such determination is in the affirmative, the permit applied for shall be granted.

2. **Exisiting Uses.** Before any existing use, structure or tree may be replaced, substantially altered or repaired, rebuilt, allowed to grow higher, or replanted, within any of the areas of land described in Section 51—702 hereof, a permit must be secured from the Airport Manager authorizing such replacement, change, or repair if it is in violation of Section 51—703, 51—704 hereof. No permit shall be granted that would allow the establishment of creation of an airport hazard or permit a nonconforming use, structure or tree to be made or become higher, or become a greater hazard to air navigation, than it was on the effective date of this ordinance or then it is when the application for a permit is made. Except as indicated all applications for a permit for replacement, change, or repair of existing use, structure, or tree shall be granted.

Section 51—708 **Hazard Marking and Lighting**

Any permit or variance granted under Section 51—706 or 51—707 may, if such action is deemed advisable to effectuate the purposes of this ordinance and reasonable in the circumstances, be so conditioned as to require the owner of the structure or tree in question to permit the City of Keene at its own expense, to install, operate, and maintain thereon such markers and lights as may be necessary to indicate to flyers the presence of an airport hazard.

Section 51—709 **Severability**

If any of the provisions of this amendment or the application thereof to any person or circumstances is held in-

valid, such invalidity shall not affect other provisions or applications of this amendment which can be given effect without the invalid provisions or application, and to this end the provisions of this amendment are declared to be severable.

Section 51—710 **Enforcement and Remedies**

Each violation of these regulations shall constitute a misdemeanor and shall be punishable by a fine of not more than twenty dollars or imprisonment for not more than sixty days or by both such fine and imprisonment and each day a violation continues to exist shall constitute a separate offense. In addition the Town of Swanzey. New Hampshire Director of Aeronautics may institute in any court of competent jurisdiction an action to prevent, restrain, correct or abate any violation of these regulations, or of any order or ruling made in connection with their administration or enforcement in accordance with the provisions of R. S. A. 424:9.

Section 51—711 **Zone Map**

A copy of said airport approach plan map shall become a part of the zoning map of the Town of Swanzey.

Section 51—712 **Effective Date**

This amendment shall take effect upon passage.

DILLANT-HOPKINS AIRPORT APPROACH PLAN

(Amended)

Adopted by N. H. Aeronautics Commission April 2, 1957
Revised by N. H. Aeronautics Commission November, 16, 1960

1. This Airport Approach Plan, prepared under the authority of Chapter 424:3 of the New Hampshire Revised Statutes Annotated 1955, is based upon the ultimate development of an Express Type Airport with runways and landing strips as follows:

(a) Runway 2—20, instrument runway 5800' by 150'; landing strip 5800' by 500'.

(b) Runway 14—32, 4000' by 150'; landing strip 4000' by 500'.

2. Civil Aeronautics Administration TSO-N18 dated April 26, 1950, "Criteria for Determining Obstructions to Air Navigation" establishes the standards used to determine the limit of height of obstructions in the vicinity of the airport.

3. The limit of height of obstructions shall be:

(a) In the approach areas to Runway 2—20 which are 1000' wide at a point 200' from the end of the pavement and 4000' wide at 10,200' from the end of the pavement, an inclined plane of 50:1 slope and for an additional 40,000', at which point it is 16,000' wide, an inclined plane of 40:1 slope.

(b) In the approach areas to Runway 14—32, which are 500' wide at a point 200' from the end of the pavement and 2500' wide at a point 10,200' from the end of the pavement, an inclined plane of 40:1 slope.

(c) On the sides of the landing strips and approach areas, an inclined plane of 7:1 slope.

(d) 632' above sea level within 8500' of the Airport Reference Point. (150' above the airport).

(e) Between 8500' and 13,500' from the airport a line with a slope of 20:1 measured in a vertical plane passing through the center of the airport.

4. No provision of section 3 shall limit the height of a structure or tree to less than 30' above the ground upon which it is located.

5. The Airport Reference Point is the intersection of the centerlines of the two runways and its elevation is 482' above sea level.

Note: The following is for information only and is not a part of the Airport Approach Plan:

1. The building line for Runway 2—20 is 750' from centerline.* The building line for Runway 14—32 is 425' from centerline.

2. Acquisition of property rights will be necessary: (a)

to remove existing obstructions; (b) to control the height of objects in those areas where the controlling inclined plane is less than 30' above ground.

*Although existing buildings are only 700' from the centerline new construction should be in accordance with instrument runway criteria.

28. To see if the Town will accept the sum of $250.00 for the perpetual care of the Edward F. Rolf lot in Oak Hill Cemetery, or take any action thereon.

29. To see if the Town will accept the sum of $307.27 for the perpetual care of the H. F. Whitcomb & Henry Aldrich lot in Mt. View Cemetery, or take any action thereon.

30. To see if the Town will accept the sum of $153.54 for the perpetual care of the Henry Abbott Lot in Mt. Caesar Cemetery, or take any action thereon.

31. To see if the Town will accept the sum of $200.00 for the perpetual care of the Edward L. Martin Lot in Mt. View Cemetery, or take any action thereon.

32. To see if the Town will accept the sum of $200.00 for the perpetual care of the Harold & Bessie Barden Lot in Mt. View Cemetery, or take any action thereon.

33. To see if the Town will accept the sum of $100.00, the same to be applied to the present trust fund for the perpetual care of the Charles A. Barden & Fred A. Carter Lot in Mt. View Cemetery, or take any action thereon.

Given under our hands and seal, this 20th day of February, in the year of our Lord nineteen hundred and 61.

JACOB M. HACKLER,
CHESTER R. GUILLOW,
Selectmen of Swanzey

PREVENTION IS YOUR BUSINESS

Carelessness, HUMAN CARELESSNESS, causes 9 out of 10 forest fires. Each year 200,000 fires burn over 30 million acres in the United States. This represents 5 percent of our nation's woodlands being wasted each year. Every fire takes its toll. Floods follow; stream flow is affected; timber, buildings, grazing and wildlife are destroyed — all because MANY are CARELESS with fire in and near woodland. This can be remedied. YOU can put an end to this shameful waste! PREVENTION is YOUR business!

YOU, whether YOU be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk or woodsman can play an important part in the continuing and vital prevention program.

First — by setting a good example YOURSELF — being sensible and complying with the necessary laws and regulations governing the use of fire in and near woodlands.

Second — by using YOUR individual influence in your community and valued council with others in insisting and encouraging them to do likewise.

The following simple rules may be used as a guide both for YOU and for them.

1. Before burning, secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning — don't leave it.
3. Make certain your fire, camp or debris, is DEAD OUT before leaving it.
4. Don't throw down lighted matches, cigars and cigarettes or from moving vehicles — make sure they are out — Use your ash tray.
5. Don't burn at home — use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires 5

Number of acres burned 3

Number of permits issued 252

CORNELIUS WOOD, District Chief.

HERBERT PUFFER, Forest Fire Warden.
